Braille text: A BALL FOR ALL

Helping visually impaired children access play, inclusion, and opportunity.

VISION

To give every student with visual impairments access to quality education and the right to play.

MISSION

We will donate our TV patented mini jingling soccer ball to every visually impaired student and every school where children and youngsters with visual impairment attend. If possible, we will encourage the formation of visually impaired soccer teams/leagues, which may incorporate blindfolded sighted players.

GOAL

Every visually impaired child in the United States receives a jingle soccer ball to keep for themselves.

1 MILLION
visually impaired
children in the U.S.

WHO IT'S FOR

- Blind or partially sighted children and young people, their families, and schools.
- Mixed groups – visually impaired and sighted students in formal education and leisure settings that encourage inclusive activities for all.

HOW LIONS CAN HELP

Small Actions. A Bigger, More Inclusive World.
